Dr.
Benjamin G. Horning, M.D.
W.K. Kellogg Foundation
Battle Creek, Michigan

Dear Dr. Horning:

Thank you for your kind letter of
December 29.

As soon as we received the letter
from Dr. Hayes concerning Dr. Hernandez Peon, we
asked him to make Dr. Hernandez a formal offer in
our name. We have not his answer yet, but through
one of our fellows who is now in Mexico, in the
Instituto de Cardiología, we know that Dr. Hernan-
dez is considering it very seriously.

According with yours news and Dr.
Hayes's and Dr. Hernandez Peon's curriculum vitae,
he is a very good candidate and we really hope to
secure his coming.

All the equipment and supplies the
Foundation provided for our University is duly
arrived in very good conditions. As the different
items did not came together and customs and the
import permit takes a long time to be secured it
was not till December that we were able to inform
you. I have made every item from your list to be
cheked and eveything is o.k.

The University of Concepcion Medi-
cal School is very grateful from the W.K. Kellogg
Foundation for this cooperation in providing the
Department of Physiology and the Clinical Labora-
tory of the Regional Hospital with this very fine
equipment for thaching and research,

We have good news from Dr. Varas: he has been offered a Residency in Psychiatry. Although Dr. Varas is badly needed here, our Faculty authorized him to accept this offer because it is a unique opportunity for him.

Dr. Darío Enríquez is due here very soon. I am anxious to know of his experiences in the surgical services he visited.

Dr. Edgardo Enríquez has had a fine experience in New Orleans and is preparing to visit other Departments of Anatomy in different Medical Schools.

I suppose you are about to leave for South America. As usual we expect you in March as one of our most welcomed friends.

Mary and the children joins me in sending you our best wishes. Ignacio succeeded with honors in his freshman's examinations.

Yours, very truly,

Ignacio González G.
