

The University of Chicago

The Division of the Biological Sciences
Including The School of Medicine

OFFICE OF THE DEAN OF THE DIVISION

OFFICE OF THE DIRECTOR OF
UNIVERSITY CLINICS

September 29, 1947.

Dr. Ignacio Gonzalez,
Casilla 136,
Concepcion, Chile.

Dear Dr. Gonzalez:

Your very kind letter of 15 September was received while I was in attendance at the annual meeting of the American Hospital Association.

I am deeply appreciative of the invitation to visit Chile and to assist in the establishment of a course in Hospital Administration. It is pleasing to know that though you have resigned your position with the Government that you are continuing to work with Dr. Garcia & that you are supporting this program.

As I have advised Dr. Garcia today, it will be impossible for me to send definite word, as to whether or not I can accept the invitation, until after November first and it would be impossible for me to come before January first or to stay more than three months. I am carrying a heavy program at the present time and must consult my superior officers at the University.

I am at present having a brief vacation & must attend the annual meeting of the (American) (Association) of Medical Colleges - (Oct. 23-31) before I will

return to my office at the University.

The offer to pay my travel & living expenses while in Chile is appreciated. I do not ask for compensation for services but hope that the cost of my wife's travel & expenses might also be included.

Trusting that I may be able to accept your very kind invitation & that I may have the pleasure of seeing you, I remain

Very sincerely yours

A. C. Zuckmayer

Dear Dr. González:

Your very kind letter of 15, September was arrived while I was in attendance at the annual meeting of the American Hospital Association.

I am deeply appreciative of the invitation to visit Chile and to assist in the establishment of a course in hospital administration. It is pleasing to know that though you have resigned your position with the government that you are continuing to work with Dr. García that you are supporting this program.

As I have advised Dr. García today, it will be impossible for me to send definite work, as to whether or not I can accept the invitation, until after November first and it should be impossible for me to come before January first or stay more than three months. I am carrying a heavy program at the present time and must consult my superior officers at the University.

I am for present having a brief vacation and must attend the annual meeting of the (American (2)) (Association (1)) of Medical Colleges- (Oct 23-31) before I will return to my office at the University.

The offer to pay my travel and living expenses while in Chile is appreciated. I do not ask for compensation for services and hope that the cost of my wife's travel and expenses might also be included.

Trusting that I may be able to accept your very kind invitation that I may have the pleasure of seeing you, I remain

Very sincerely yours

A. C. Bachmeyer
