Dear Dr. Horning:

I acknowledge receipt of your kind letter of August 11 concerning the granting of a fellowship to Dr. Edgardo Enriquez Frödden in order that he may have six months of post-graduate experience in Anatomy in the United States.

Dr. Enriquez has secured his leave from both the Navy and the University and is apt to be in New Orleans a few days before September 6.

The Faculty accepts all the conditions under which this fellowship is granted by the W.K. Kellog Foundation.

Our University is very thankful to the W.K. Kellog Foundation for this renewed cooperation and friendship in the preparation of its teaching staff, and hopes that Dr. Enriquez shall be a fellow worth the distinction and help he is receiving.

We have received very good news from Dr. Marcelino Varas. He is enjoying his first week of experience in the United States and looking forward to be in actual training in psychiatry.

With kindest regards,

Sincerely yours,

Dr. Ignacio González G.  
DEAN.
