Dr. Fructuoso Biel
Facultad de Medicina
Universidad de Concepcion
Casilla 44
Concepcion, Chile, S.A.

Dear Dr. Biel:

I suspect that you have received my letter of May 5 and the enclosed copies of letters to Dr. Gonzales and Dr. Gunther in which I discussed the equipment which you and Dr. Gunther requested from Dr. Kinde at the time of his visit to Concepcion. I shall be grateful if you will send to me as soon as possible the name of the company, the catalogue number and the price of the Photoelectric Colorimeter, the Electronic Photo-fluorimeter and the Electric PH Meter. I am preparing the budget estimates of this moment and it is necessary to have these data promptly.

I believe that you and Dr. Gunther each requested a Flame Photometer. It is my understanding that you expect to use this piece of equipment jointly. I am enclosing a copy of the description of the Flame Photometer and accessories that Dr. Gunther sent to us some time ago. I want to be sure that this piece of equipment will also meet with your needs. I have asked Dr. Gonzalez to send an official letter requesting these items of equipment for the University of Concepcion Faculty of Medicine.

As supporting data, it will also be necessary for me to have a brief memorandum from you describing the Department of Clinical Investigation that you are developing at the Regional Hospital. It should include the relationship of your department to both medical education and investigation with the names and positions of the professional and technical personnel who will be associated with you.

In view of the fact that our preliminary budget estimates are due almost immediately, I shall be grateful for a prompt reply.

With kindest personal regards.

Sincerely yours,

BGH

Benjamin G. Horning
