Dear Agnacio & I have just returned  
to Mexico City and found your kind  
letter of December 6. I have taken out  
Guy Hayes. We have an excellent card-  
table for the position of Professor of Physiology  
in Concepcion - The name is Dr. Saul  
Hernandez Leon. I have interviewed him  
and I am very favorably impressed. He  
is very intelligent, well prepared, and  
he has a very pleasing personality.  
Guy is sending his Christmas card  
from pity -

With my best wishes to you  
and Mrs. Gonzalez and your  
children for a happy Christ-  
mas and New Year and
