CONCEPCION, 26 de Enero, 1955.-

Dr H.B.Castle,
Chairman, House Officer Committee,
The Boston City Hospital.
BOSTON.-

Dear Dr. Castle:

Receipt is acknowledged of your letter of December 21 in which you ask for my confidential opinion about Dr. Carlos Odiaga.

I have known Dr. Odiaga since a few years, first as a student in our medical school and afterwards as a graduate.- Recently I have visited him in Lima, Peru where he is begining his traming as a surgeon in the Bravo Chico Hospital for Chest diseases.

Dr. Odiaga was a very good student, serious, cappable, reliable and good tempered.- He was liked by his companions and his professors.- As a graduate he is very active, studious, and fine worker, mantaining the qualities that distinguished him as a student.

It is a pleasure for me to reccomend Dr. Odiaga as a prospective Intern in your hospital.- I am sure that he shall correspond satisfactorily to his appointment.

Yours, very truly,

Dr. Ignacio González G.
